USBC-Lightning® Power and Data for iPads®

Lightning® connector is a registered trademark of Apple Inc®

Product Description - USBC-Lightning® cable

This USBC to Lightning cable delivers high speed data and high power to your Apple device. Made with highest quality electronics, this is your solution to power and connect your iPad to the PoE-World family of USBC chargers and PoE adapters.

This can be used with any USBC charger – and is especially suited for use in Power over Ethernet applications with the GAF-USBC-PD, AF-USBC-JB devices from PoE World. Power and Data on the same cable is supported.

Supports:

- Fast Charging - up to 25 watts
- Fast data – up to 1000 mb/s
- Long length – 8 ft – 250 cm
- Supports DATA and Power
- Contact us for color and length options

Specifications

Data and Power source	USBC male connector
Data and DC output	Apple Lightning
Data	10/100/1000mbit/s
Input Voltage Max	Up to 30 volts with USBC standard
Size	250 mm long
